

# Iatan-Interurban Road

Construction Priority: Third

This 16.27 mile, off-road, hard surface trail begins in the Village of Iatan and extends to the historic Interurban route. As users leave Iatan they will be challenged by steep, winding terrain. Views of

lush green valleys planted with tobacco and soybeans are numerous. Farmsteads and wooded hillsides also dot the landscape. This is the most remote route in the two-county area.

## TRAIL EVALUATION

	From	To	Distance	Uses	Trail Type	Trail Surface
Segment 1:	Iatan	Interurban Rd.	16.27	Shared Use	3	Hard Surface
